GENEVA (AP) — The United States and Britain formally submitted to the Soviet Union today their proposal for an immediate ban on nuclear tests in the earth's atmosphere.

American delegate Charles C. Stelle read the proposal into the record of the long-deadlocked nuclear test ban talks.

He told Soviet delegate Semyon K. Tsarapkin that the Soviet Union has until Saturday to give a favorable reply.

It was the 33rd meeting of the three-nation conference.

Stelle as chairman began the meeting by reading the joint appeal of President Kennedy and British Prime Minister Harold Macmillan for an all-time ban on nuclear tests in the earth's atmosphere.

The Soviet delegate brushed aside newsmen who tried to question him as he walked grim-faced into the meeting room.

There was no immediate indication of his reaction to the Western proposal in the closed meeting. He was unlikely to give a final reply before consulting with the Kremlin.

## Batista's Shadow Is Around

MIAMI, Fla. (AP) — The shadow of Fulgencio Batista hangs over the plan of a group of Cuban anti-Castro leaders to proclaim a government in exile this month.

Carlos Prío Socarras, an ex-president of Cuba, is spearheading the establishment of the government, with the support of Rep. Victor L. Anfuso, D-N.Y.

But a number of exile leaders say they will boycott the meeting at which the government is to be proclaimed because some of the men with Socarras are identified as pro-Batista.

Among those in opposition is Jose Miró Cardona, president of the Democratic Revolutionary Council, the organization formed before the unsuccessful April 17 invasion to unify the various anti-Castro elements.

Prío Socarras, who was toppled from the Cuban presidency in 1952, said all anti-Castro organizations have been invited to the de Varona, head of the Democratic Revolutionary Front, the major organization in the revolutionary council, and representatives of seven underground organizations now in Cuba.

Those named as "Batistianos" include Rafael Díaz Balart, head of the White Rose organization, and Gen. Manuel Benítez, Havana police chief during the Batista regime.

## Workers on Paid Holiday Set to Strike

By DWIGHT PITKIN

DETROIT (AP) — General Motors Corporation's hourly workers are spending their paid Labor Day holiday getting ready to close down GM's plants in the event the company and the United Auto Workers fail to have a contract settlement in sight by strike deadline—10 a. m. Wednesday.

Some 305,000 UAW members and 24,000 members of the International Union of Electrical Workers (IUE) were on strike alert at all but one of GM's 129 plants in 71 U.S. cities. The two unions are conducting parallel negotiations with GM. The UAW withheld a strike threat at a Milwaukee plant which makes missile parts for the government.

Speculation centered on whether GM would make a new offer as UAW President Walter P. Reuther and GM Vice President Louis G. Stanton went into a Labor Day bargaining session.

Neither appeared optimistic following a five-hour Sunday session. Reuther modified his demands on GM Sunday by withdrawing the profit-sharing demand he submitted Saturday. He offered to settle for a contract that matched the extra benefits provided in the recent settlement with American Motors Corp., which included a profit-sharing plan.

He proposed that GM pay the cost of extra benefits for pensions, short work week pay and medical-hospital insurance out of the company's treasury. Under the American Motors settlement, the profit-sharing fund is to be used to pay for some of the benefits.

Reuther in effect offered to settle for less with GM than with American Motors to the extent that the cost of new benefits falls short of what UAW members would receive from a 15 per cent cut of profits. The union has put no cost tag on the new benefits.

## Youths Stage Riots in a Resort Town

LAKE GEORGE, N. Y. (AP) — A drunken horde of teenagers, mostly college students, turned the adirondack resort village into a screaming madhouse early today. Officials quelled the riot estimated 1,500 girls and boys were arrested on charges of drunkenness and disorderly conduct.

Police Capt. William Brand said the uproar was the "worst I've ever seen in 11 years of police work at Lake George."

The wild mob poured into the main street from taverns beside the lake and began throwing beer cans at random and without apparent provocation. The riot began as the taverns were about to close at 3 a. m.

About 20 Civil Defense officials were called to aid police and volunteer firemen in the battle, that lasted until about 5 a. m. When the first spray of the hoses hit them, the youths surged toward the officers. The officers increased the pressure of the water and the rioters ran in every direction.

Most of those arrested were jailed for later arraignment. Police did not disclose their names.

No injuries were reported.

Most of the youths were dressed in T-shirts and shorts. Many wore college identification, including the University of Vermont, the University of Minnesota and New York University.

## Labor Day Toll in State Is Now Six

By THE ASSOCIATED PRESS

Two cars collided in a rainstorm near Stuttgart Sunday, killing four children and boosting Arkansas' traffic death toll for the Labor Day holiday weekend to six.

Accidental deaths stood at seven for the weekend, with one drowning reported.

The four children — a brother, two sisters and their cousin — were killed one mile south of Stuttgart on U.S. Highway 79. Four other persons were injured seriously.

State Police identified the dead as Berlin Tiner Jr., 16, his sisters, Rita, 11, and Gloria, 9, and their cousin, Linda Tiner, 10. All were from Pine Bluff.

In serious condition at a Stuttgart hospital were Berlin Tiner Sr. and a station wagon driven by Merritt collided and the car crashed into a roadside ditch.

Seventeen persons died violently in the state in the week ended last midnight. Eight died in traffic accidents, three by drowning, two by shooting, and four in miscellaneous accidents.

Bryan Lancing Broach, 1, was killed Saturday when run over by his father's car as it was being backed out of the driveway of the family home at Bigelow. His parents are Mr. and Mrs. Bobby L. Broach.

Charles Romine, 24, of Dardanelle, drowned in the Arkansas River south of Hartman Saturday while trying to swim from one dike to another, State Police said. He was a construction worker at the Dardanelle Dam project.

## More Threats From East Germany

BERLIN (AP) — The East German Communists threatened today to impose air, road and water controls on Allied movements to West Berlin after a peace treaty with the Soviet Union.

The warning came from Gerhard Eisler, a key propagandist in East Germany. Eisler wrote in the Communist youth newspaper, Junge Welt, that the East German government permitted 1,500 American combat troops to travel through the Communist zone to West Berlin two weeks ago only to avoid "sharpening" the tension surrounding the whole Berlin problem.

But he said, once a treaty is signed with the Soviet Union, "no one can use the highways of the German Democratic Republic without permission."

"Every government will then deal with the government of the German Democratic Republic in order to use the traffic lanes, the canals, the highways and the air corridors," he said.

The Soviets have threatened to sign a peace treaty with the East Germans by the end of the year.

## Youth Hit by Auto Here Badly Hurt

Michael Butler, 4½ year old son of Mr. and Mrs. Harold H. Butler of 710 East 6th, was struck down by an auto at Third and Edge-wood at 5:15 p. m. yesterday.

He sustained severe body injuries and a head fracture. Following treatment at a local hospital the youth was rushed to a specialist at Little Rock. His condition is critical.

Driver of the car, Roy Knox, 25, a Negro of Texarkana, told police he never saw the boy until after the impact. A tourist traveling behind the Knox car, verified he was driving about 15 miles per hour. Knox was held during the investigation and released when it was completed.

Officers Rowe and Clark of the City Police said their investigation showed the youth simply ran into the path of the car. The vehicle struck him down and to one side. An ornament on the hood of the car buried in the back of the boy's head.

Officers said the Butler's were visiting neighbors when the child told them he was going home. They didn't think he would go by himself, officers said. The accident occurred shortly after.

Two other accidents were investigated here Sunday. On North Hazel cars driven by W. L. Muldrew, and Robert Ellis, both Negroes, collided with considerable damage resulting to both vehicles.

City Officers Martin and Milam charged both men with hazardous driving and charged Muldrew with leaving the scene of an accident.

This morning on downtown Second, near Citizens Bank, an auto driven by Alonzo Durham was pulling out from the curb and collided with another driven by Thomas L. Brankley with fender and bumper damage resulting to both vehicles. Officer Ward of the city force charged Durham with failure to yield the right of ways.

## Threat of Civil War in Brazil Seems Averted

By ROBERT BERRELLEZ

BRASILIA, Brazil (AP) — The threat of civil war in Brazil appeared ended today as the nation's three military chiefs dropped their opposition to leftist Joao Goulart and agreed to let him become a figurehead president.

The 42-year-old vice president, whose leftist leaning led the military to denounce him as a security risk, indicated he would go along with the new constitutional amendment approved by Congress that sets up a parliamentary system and vests the real power in a premier.

Congress devised the compromise to appease War Minister Odilio Denys and his fellow service chiefs who opposed giving Goulart full presidential powers.

Goulart is slated to leave his southern stronghold of Porto Alegre Tuesday and fly to Brasilia for the inauguration. Congress is leaving the time and date of the ceremony up to him.

A terse announcement from the Presidential Palace saying the service chiefs had recommended that all commands respect the constitutional amendment appeared to ease the crisis.

Navy headquarters in Rio de Janeiro ordered federal forces in the southern coastal state of Santa Catarina to pull back to avoid a clash with pro-Goulart forces.

News that the deadlock between Congress and the military had been broken touched off a scramble for the key post of premier.

Front runners in the race are: 1. Francisco Santiago Dantas, a member of Goulart's Labor party whom Quadros named Brazil's chief delegate to the United Nations.

2. Gov. Juracy Magalhães of the oil-rich state of Bahia, a conservative who has the respect of many political factions.

3. Ernani Amaral Pelxoto of the Social Democrats, former ambassador to Washington.

4. Social Democrat Auro Moura Andrade, president of the Senate.

5. Tancredo Neves, also a Social Democrat, who is credited with winning agreement from the military leaders.

## Number of Seamen Hurt in Explosion

SARNIA, Ont. (AP) — A number of seamen were reported injured today when an explosion touched off a fire on an oil tanker docked at Sarnia across the St. Clair River from Port Huron, Mich.

First reports from Ontario provincial police indicated five men were dead but a later check showed this was incorrect. The five and several others were taken to hospitals in the Sarnia area. There was no immediate report on their condition.

## Pair Admits Slaying Four, Not Worried

BIG SPRING, Tex. (AP) — An eighth-grade girl and her male companion "don't seem to be worrying" about their fate after admitting slaying four persons in an Illinois-Texas crime spree.

Sheriff Miller Harris said Sunday John Edwin Myers, 32, of Chicago, told Illinois officers everything they want to know about the murders.

As her companion related the wild spree to officers, Donna Marie Stone, 13, read comic books in her jail cell.

Before the two were arrested near Midland, in west Texas, they had killed two persons in Illinois, one in Missouri and another in Texas.

Myers is charged with murder in the death of a hitchhiker, Leo Dinkham, 30, of Ottumwa Iowa, the last of the victims. He was shot as he sat asleep in their auto near Fort Worth.

Their first victims were George Ballard 47, of near Belleville, Ill., and his daughter Carol, 11, shot to death while fishing.

Margaret Wernicker 39, who resided near Belleville, met a similar fate between Alton and Thayer, Mo., where the Stone girl shot her twice in the back after the pair had kidnapped her.

Both Myers and the girl admitted the slayings which they said netted them \$16.

Dist. Atty. Gifford Jones said he would seek a murder indictment against Myers when a special session of the grand jury meets Wednesday. The girl is being held for juvenile authorities.

## TV Begins Tall Tower Operations

SHREVEPORT, La. (AP) — Operations began here Sunday for KATL-TV with the tallest television tower in the South beaming out programs.

The slim 1553-foot tower—located near Vivian La. — is 40 feet higher than the Empire State Building and is the fifth highest man-made structure in the world.

KATL-TV operates on channel 6 it was formerly KCMC-TV at Texarkana and opened in 1953 as the first television station in the Ark-La-Tex area. The "T-A-L" of the new call letters stand for Texas, Arkansas and Louisiana.

A new half-million dollar studio in Shreveport began operations Sunday while the studio at Texarkana continued operating also.

Formal opening and dedication ceremonies are scheduled Tuesday. Robert Sarnoff chairman of National Broadcasting Co. heads a group of radio-TV executives coming to the event. Governors of Arkansas Louisiana and Texas are also invited.

Walter E. Hussman of Camden Ark. is president of the company operating KATL-TV. He is also publisher of the Palmer newspapers in Arkansas and Texas.

## Nation Pays Tribute to Working Man

By THE ASSOCIATED PRESS

The nation honors its working man today with observances contrasting the lot of the free worker with that of the laborer who toils under communism.

President Kennedy sounded the theme in his Labor Day message: "We celebrate the labor of our people precisely because we believe it to be an essential to man's dignity, performed freely and in good conscience, and commanding a just reward."

"We look upon man's toil as an expression of individual personality and will—not a commodity to be exploited for the benefit of a state or ruling party."

Labor Secretary Arthur J. Goldberg said the Soviet Union's space achievements could not mask its shortages of housing, food and clothing.

Noting that the Soviet Union's industrial growth had provided little satisfaction for the average Soviet consumer, he counted these blessings in the United States this Labor Day:

More than 68.5 million Americans at work average factory earnings at a record \$94 a week; average per person income after taxes at \$1,974 a year, highest in the world; personal income at \$420 billion and national output at \$515 billion, both record highs.

The picture wasn't an altogether rosy one as this Labor Day began, however. General Motors Corp.'s hourly workers were preparing to close down GM's plants if the company and the United Auto Workers fail to have a contract settlement in sight by 10 a. m. Wednesday.

UAW President Walter Reuther was to take time off from the negotiations to speak at a Labor Day rally in downtown Detroit along with Michigan Gov. John Swanson. A parade of 50,000 Union members was to precede the rally.

## 2nd Special Session Set for Sept. 18

LITTLE ROCK (AP) —The Arkansas Legislature will begin its second special session of the year soon and Gov. Orval E. Faubus said some of the times which failed the first time will come up again.

Unless unforeseen developments arise, Faubus said Saturday, the lawmakers will be called back into session Sept. 18 to take up the problem of congressional redistricting.

Faubus said he would include in his call the matter of funds for a new state vocational training school and state, district and county livestock shows.

The special session which ended Friday failed to pass a \$275,000 appropriation for a vocational school and appropriations totaling \$417,000 for the livestock shows.

The governor added that he might include "six or eight" other items in the call, but did not say what they were.

As for the length of the second session, Faubus said "they can meet on Monday and be through long before Friday."

Faubus took a verbal slap at those he termed "obstructionists" in the Senate.

"The obstructionist is not for anything constructive, but against everything," Faubus said.

He names three lawmakers he said were included in the obstructionist bloc — Sens. Marshall Shackelford of El Dorado, John O. Moore of Texarkana and Clarence Bell of Parkin, who managed his fourth term campaign last summer.

Concerning Moore, Faubus said, "I may decide to ask the legislature to remove completely Texarkana's exemption on sales tax and that would give us another \$1 million in revenue. Then I would let Moore explain it to his people."

## Will Expand Integration at Dollarway

PINE BLUFF, Ark. (AP) —Integration at mostly-white Dollarway School will be expanded to the second grade Tuesday when four Negroes attend classes with white students.

This is an argument as to whether two of the Negroes are legal residents of the school district but board President Lee Parham said the board is under an Aug. 21 order to admit all four.

Atty. Gen. J. Frank Holt ruled that Delores Jean York and her brother, Bennie Ree York, were ineligible to attend Dollarway because their parents had moved to Denver.

Saturday Negro attorney George Howard said Mr. and Mrs. John York had not moved, but had gone to Denver to work temporarily and would return.

Delores Jean, who integrated the school last year is to attend second grade with Michael Edwards, Bennie and Samuel Wayne Cato are to attend first

## Spending Key to Mass Production

DENVER Colo. (AP) — Secretary of Commerce Luther H. Hodges said today the nation needs mass spending if it wants mass production and mass employment.

To keep the economic recovery rolling Hodges said the first problem "is to stimulate spending—not just by government but just by business but by the mass of American consumers."

In an address prepared for the American Society of Association Executives Hodges said the encouraging rebound from the mild winter recession "is not the prelude to certain prosperity nor does it signal the end to our economic troubles."

To a great extent he said this can come only through the generation of spending.

"We cannot have mass production mass employment unless we first have mass stimulation of our latent wants" Hodges said.

The secretary expressed dismay that retail sales have lagged dur-

## Stowaway Back From Air Trip

LONDON (AP) — Angela Riley, 12, a transatlantic stowaway, came back today from a stolen aerial trip to Boston and promptly got another free ride—to the police station.

A police squad car was waiting for the little schoolgirl as she stepped out of the jetliner that brought her home. At the police station she was interviewed for nearly an hour on how she managed to board the Boston-bound jetliner last Saturday. Then the police took her home.

Stewardess Marie Wilson, who chaperoned her on the return flight, said, "Angela is an adorable girl, a real charmer."

"She told me she stowed away because she loved America—she had seen lots of pictures of American places on television and at the movies," the stewardess said. "She said 'I was determined to try to see all those things for myself.'"

Another stewardess remarked that "everybody knows she should not have stowed away, but you can't help admiring a little girl with spirit like hers."

## Students Stage Riots in 2 States

By THE ASSOCIATED PRESS

Youthful revelers tanked up with beer and liquor staged almost simultaneous riots early today in widely separated sections of the country.

At Lake George N.Y. 1500 boys and girls mostly college students went on a rampage after emerging from taverns in the Adirondack Mountain resort village. The teenagers surging through the streets throwing beer cans at random finally were quelled by high-pressure fire hoses. About 75 were arrested on charges of public intoxication and disorderly conduct. No injuries were reported.

Outside Indianapolis an angry mob of about 150 young drag-race fans shouting, "We want booze we want beer!" marched on the suburban community of Clermont Ind. It took more than 75 police to break up the mob part of several thousand fans assembled for the national drag championships at Raceway Park.

Authorities said the rioters apparently had run out of beer and liquor. Indiana taverns are closed on Sundays throughout the night.

Using a bus as a portable jail truck from Detroit to his employer, the Ward Body Works in Con-

racers sponsored by the National Hot Rod Association. All were charged with disorderly conduct. No injuries or property damage were reported.

At Ocean City Md. a would-be riot of some 2,000 teen age vacationers was forestalled by more than 100 policemen and three snarling police dogs.

Officials said the milling crowd on the boardwalk was working itself up into a riot mood including acting disorderly making improper remarks and tossing girls into the air with blankets.

Police surrounding the throng on three sides warned they would unleash the dogs if things didn't quiet down. The youngsters ran for cover.

GREENVILLE Miss. (AP) — A speedboat enthusiast from Greenville Sunday won the Mississippi River marathon for the third straight year.

Roy Fulton's winning time was 13 hours 41 1/2 minutes for the 618 mile trip from St. Louis. William H. Hill of Cullman Ala. was second at 14:52 and James Newby of Oswego Ill. was third with 18:56.

They were the only racers left at the end of the running. Twenty boats had originally set off from St. Louis.

heaviest since World War II. Milled rice exports to all except communist countries totaled 12,471,000,000 pounds compared with 10,428,000,000 the year before U.S. exports of 2,198,000,000 pounds were the largest of record.

## Friday Music Club Luncheon

"Music Throughout the World," this year's music club theme, was carried out in the table decoration of small globes and national flags interspersed with ivy at the President's Luncheon of the Friday Music Club on Sept. 2 in the Rose Room of the Diamond.

Special guest, Miss Susan Davis accompanied by Mrs. B. C. Hyatt sang two selections from "The Marriage of Figaro" by Mozart, "Sea Moods" by Tyson, "Sweet Chance That Led My Steps" by Head and "I Don't Care If They Do" by Carpenter.

Following a delicious luncheon, the club president, Mrs. V. R. Herndon Jr., was given recognition. After Mrs. Hyatt played a chorus of "Mary Ann," a tribute in verse was given by Miss Mary for the coming year: President, ex chorus of the song hearing the given name of the guest of honor, Mrs. J. C. Carlton, an honorary member, installed these officers for the coming year: President, Mrs. V. R. Herndon Jr.; first vice president, Mrs. Roy Stephenson; second vice president, Mrs. Haskell Jones; third vice president, Mrs. Hyatt; recording secretary, Mrs. Garland Medders; corresponding secretary, Mrs. Gilbert Thomas; treasurer, Mrs. W. A. Williams; auditor, Mrs. Arch Wylie; parliamentarian, Mrs. Jewel Moore Jr.; librarian, Mrs. Hyatt; historian, Mrs. Hendrix Spraggins; and choral director and pianist, Mrs. Hyatt.

Attractive year books were at each of the 27 places at the "U" shaped table. The invocation was given by Mrs. Rufus Sorrells, an associate member. All three of

the club's honorary members, Mrs. Carlton, Mrs. Helen Ruffin Marshall and Mrs. Ralph Routon and music teachers Miss Phyllis Rankin and Mrs. McRae Andrews were present.

## Coming and Going

Mr. and Mrs. Claude Tillery of Dallas were in Hope Sunday while en route to Little Rock.

## New Treatment for Depressed

CHICAGO (AP)—A new series of compounds designed to combat mental depression without side effects such as insomnia and high blood pressure was described today by a New York research chemist.

"The treatment of mental depression at all levels from mild to psychotic has been a continuing problem for physicians," Dr. Robert L. Clarke and Dr. Louis S. Harris said in a report at the opening of the American Chemical Society's 140th national meeting.

They added that the drugs currently used to relieve mental depression cause unpleasant reactions and that electroshock therapy still remains the most effective treatment for depress psychotic patients.

Drs. Clarke and Harris of the Sterling-Winthrop Research Institute of Rensselaer, N.Y., said the new series of compounds includes an agent which produced a four-fold increase in the spontaneous activity of mice.

## Jr. High Schools to Be Integrated

LITTLE ROCK (AP)—Public school integration will be extended to junior high schools here Tuesday. Twenty-four Negroes will attend mixed classes.

Another 24 Negroes will attend the city's three once-white high schools.

No trouble is expected. Police Chief R. E. Glascock said officers would be on hand.

Tuesday will begin a third straight year of integration for Central and Hall high schools. Central will have 13 Negroes, Hall 6.

Technical High School which has 150 students, will be integrated.

## Adversaries of Labor Many Now

BARBERTON, Ohio (AP)—Undersecretary of Labor W. Willard Wirtz said today the adversaries of labor are no longer "people living in houses on the hill."

"The new adversaries, he said, are 'the forces of technology, of foreign competition, of stagnation, of complacency.'"

Wirtz, in remarks prepared for Barberton Joint Labor League's Labor Day celebration, said "to talk about settling for 4 per cent unemployment is to admit failure and defeat, and the worse fact is for nine months now the rate has slayed at almost 7 per cent."

Noting that total personal income was reported to have reached \$419.2 billion two weeks ago, Wirtz said that "figure conceals the tragic human fact that 4 million American families have incomes of less than \$1,500 a year—too little to buy decency, let alone dignity."

"We must not," he said, "settle on these terms. Nor is there any excuse for this condition."

There is work to be done, he said. "We need, and need badly, more schools, more hospitals, and clearing out of the slums which infect our cities with disease and delinquency and disaster."

"We were told for too long," he asserted "that we must not spend money on these things because it will mean passing on debts to our children. I am proud to speak for an administration which insists that the debts we dare not pass on to our children are debts of ignorance, of disease, of juvenile delinquency."

## Viet Nam Fighting

## DOROTHY DIX

Stepson Bone of Contention

By HELEN WORDEN ERSKINE

Dear Helen: My husband and I, though happily married, have come to a complete disagreement over his two sons, 15 and 18. We have two children of our own, one 3, the other 2. I consider myself a good wife, mother and step-mother, also a competent homemaker.

My elder step-son has owned four cars and lost three. He comes and goes as he pleases, works by fits and starts and has contributed only \$10 toward his board and keep and cars. He sleeps till noon, is up half the night and has no regard for his own or other people's property. His lack of responsibility even toward his own future makes me wonder.

If I question this my husband flies into a rage. Otherwise he is kindness itself, always giving to his boys and to everyone else. To do this he holds down two jobs, and, as a result, is home awake only one hour a day. The responsibility of children, house and budgeting is completely in my hands. As a mother and homemaker, I shouldn't have to put up with a no-good who lolls around, doing nothing. I've tried to reason with him to no avail.

His brother is following in his footsteps, gets poor grades in school, won't help at home and nags his father for money.

Since the boys are with us, aren't they as much my responsibility as my husband's? Neither is happy, yet I keep them clean and neat, give them proper food and have only their welfare at heart. I am well-balanced enough to go along with things as they are but is that fair to them, or me? —Unhappy Troubled Step-mother.

Dear Unhappy: Your husband is the weak link in this chain by not facing the facts and backing you up.

Being a late-comer in the family circle you will always be considered an interloper unless he gives the boys to understand that you're in charge of the home and have only their interests at heart. Tell him so and, if you feel it will help, show him this reply to your letter.

Dear Helen: I go with a girl whose parents were divorced and have since re-married. She lives with her father who does not like me. To see me, she stays weekends with her mother who likes me very much. Under the circumstances, what should I do, stop seeing the girl or accept the situation? —Troubled.

Dear Troubled: Watch out. The mother may be using you as a club, figuratively speaking, with which to strike the father. Of one thing you may be sure, he will be against anybody she is for and visa versa.

Unless you love the girl well enough to take the consequences, beat a graceful retreat.

Dear Helen: I am 19, my girl friend 21. Our marriage date has been set but my father refuses to give his approval. He thinks she is marrying me for money which I will inherit from him. I am an only child and my father, a very rich man, is now in his seventies. How can I convince him that he is wrong? —Anxious One.

Dear Anxious One: Test the girl's love. In your father's presence tell her that he has disinherited you and as a result it will be love in a cottage, instead of mansion. As a matter of fact, regardless of whether or not this is true, it would be better for both of you. I hope your father sees the light.

Send your problem to Helen Worden Erskine. Be sure to enclose a stamped self-addressed envelope, and address her care at this newspaper. Helpful leaflets

available. Today's offering, "step-children."

## U.S. Hopeful Reds to Alter Test Course

By JOHN M. HIGHTOWER

WASHINGTON (AP)—U.S. officials said today they have some hope Soviet Premier Khrushchev may alter his course and accept a U.S.-British proposal for a ban on nuclear weapons tests in the earth's atmosphere. But the outlook was admittedly dim.

For the same officials who profess hope of a favorable response from Moscow also say that the Soviet nuclear explosion announced by the White House Friday is believed to be the first of a carefully planned series of aerial bursts. They say it would require a major change in plans for Khrushchev to agree that all future tests should either go underground or be fired in outer space.

Furthermore, the United States has already charged the Soviet Union with using the resumption of nuclear testing as a form of "atomic blackmail" in an effort to frighten other countries into accepting his demands, especially on Berlin and Germany. Many officials here feel he intends to continue brandishing his nuclear power for some time.

There is speculation that the Soviet announcement Friday of military maneuvers in the Barents and Kara seas with various types of modern weapons fits into the same pattern of a power display designed to intimidate other nations. Whether nuclear explosions may be fired parallel with the maneuvers is also a subject of speculation.

The maneuvers are scheduled to start Sunday.

President Kennedy and British Prime Minister Harold Macmillan proposed to Khrushchev Sunday "that their three governments agree, effective immediately, not to conduct nuclear tests which take place in the atmosphere and produce radioactive fallout." They set Saturday as a deadline for a reply.

Barring significant developments in the meantime, officials here indicated that Kennedy would take no public action until the deadline on resumption of U.S. nuclear testing. In any event it is understood that any U.S. test will be underground or, perhaps, in outer space.

Kennedy and Macmillan said their aim in proposing the ban on atmospheric blasts "is to protect mankind from the increasing hazards from atmospheric pollution and to contribute to the reduction of international tensions."

In Hyannis Port, it was reported that Kennedy left an early international ban on tests in the

## Group Seeking Justice to Walker

LITTLE ROCK (AP)—Rep. Dale Alford says that a "Congressional Committee for Justice for General Walker" is being formed in the national House.

He said he is chairman and that names of other members will be announced later.

Alford has been critical of the fact that Maj. Gen. Edwin A. Walker, who commanded troops here during the 1957 integration crisis, was relieved of his command and reassigned recently after a controversy over his troop information program in Germany.

Alford discussed the new committee on a weekend radio broadcast.

## Unscheduled Plane Landing Made Safe

SPRINGFIELD, Ill. (AP)—An American Airlines DC7 carrying 84 returning Ohio vacationers from Mexico City made an unscheduled landing at Springfield's Capital Airport Sunday night after a fire warning light flashed.

The plane, en route from Mexico City to Chicago with a four group arranged by the Cleveland Press, landed without incident with three engines.

A spokesman for American Airlines in Chicago said a preliminary inspection indicated a faulty warning light was the only malfunction.

The passengers were taken to Chicago by two other American Airlines planes.

TULSA, Okla. (AP)—Bill Dillard of Fort Smith, Ark., was killed Saturday night when his hot rod overturned in a warmup round at Tulsa's Fairground stock car track. Dillard was high-point man at the Tulsa races this year.

Two boys and injuring eight other occupants.

The dead were Donnie Pechman, 4, and Larry Sukowater, 12, of River Falls.

The sheriff's office said the truck carried 16 youngsters ranging in age from 4 to 16. Six escaped injury.

## Snow, Cold in Rockies of Colorado

DENVER, Colo. (AP) - Snow and cold, snapping all kinds of records, ruined the Labor Day weekend in the Rockies for campers, fishermen, golfers, boaters and others who revel under sunny skies.

The storm, sloshing four inches of wet, fast-melting snow on Denver, stranded briefly thousands of travelers in mountain areas where the snowfall measured up to two feet. There were no reports of severe hardships.

Loveland Pass, the U.S. 6 route which crosses the Continental Divide at 11,992 feet west of Denver, was blocked for a short time. Twil Ridge Road, another divide crossing in northern Colorado, also was closed.

The early storm slowed hundreds of tourists hurrying home from late summer vacations.

The same storm, sweeping across Montana late Friday, was blamed for the disappearance of a light plane carrying three men. Searchers said hope was waning for their survival through three nights of frigid weather.

Denver weather records fell with the snowflakes. The snow was the earliest recorded at the Colorado capital since the Weather Bureau began keeping track in 1872. The average date for the first snow is Oct. 7. The 33-degree minimum Sunday morning was a record low for the date. The high of 46 degrees was the lowest maximum for the date.

Hotels and motels in mountain areas were overcrowded Saturday night by motorists who sought shelter rather than travel on the snow-slickened highways.

At Fairplay, a small town 110 miles southwest of Denver at an elevation of 9,964 feet, public rooms of the town's principal hotel were crowded by more than 50 travelers who spent the night.

## Threatens to Bar Stop-Gap School Bills

WASHINGTON (AP) - A supporter of President Kennedy's general aid-to-education program threatened today to block passage of stopgap school bills as Congress rounds into the final stretch.

Sen. Pat McNamara, D-Mich., said he isn't going to sit still and let opponents of school construction and teacher salary whittling through bills limited to continuing federal help for so-called impacted areas and for the student loans.

"If Congress is not willing to pass a full-fledged aid to education bill, then let the boys who are against it go home empty-handed and face the music," he said. "That filibuster business works both ways."

Senate Democratic Leader Mike Mansfield of Montana said in a separate interview he is aware of the position of McNamara and some others. But Mansfield predicted both houses will pass this week measures continuing public school aid in the areas with an influx of federal workers and extending the National Defense Education Act with its loan program.

The House already has killed a compromise version of Kennedy's general school aid bill and shows no disposition to reverse that verdict. But many members want the impacted area and NDEA programs continued.

The House expects to vote on the abbreviated school aid bill Wednesday. Senate debate on it is scheduled Thursday, when the House will be acting on a multi-billion-dollar public works measure.

## Hurricane Betsy No Danger Yet

MIAMI, Fla. (AP) - Bearing no danger to land areas at present, Hurricane Betsy early this morning was well out in the Atlantic Ocean, moving to the northwest at 20 miles per hour.

Forecasters at the Miami Hurricane Center said the season's second tropical storm picked up a little speed during the night, but showed no intensification.

At 5 a.m. the hurricane was about 1,000 statute miles east of San Juan, P.R., and 2000 miles east-southeast of Miami.

A hurricane hunter airplane left San Juan before daylight to make new readings on top winds size and direction.

Betsy's highest winds were estimated at 100 m.p.h. near the center. Gale winds extend out 200 miles to the northeast and 75 miles to the southwest of the storm's center.

Indications are the hurricane will continue moving to the northwest with little change in size or intensity for the next 12 hours.

Barring a change in path brought on by an unforeseen pressure system, the hurricane should pass east of Bermuda, a forecaster said.

## Task Identifying Plane Victims

CHICAGO (AP) - The somber task of identifying the bodies of 78 persons killed Friday morning in the crash of a TWA Constellation airliner has passed the halfway mark.

Fourteen more bodies were positively identified Sunday, bringing the total to 51.

Seven special investigating teams sought to determine why the big four-engine plane smashed into a cornfield near suburban Hinsdale, minutes after it took off from Midway Airport for Las Vegas, Nev., and Los Angeles.

## Carry Back in Racing Form Again

By JOHN CHANDLER  
 Associated Press Sports Writer

With Carry Back in championship form again and 1960 Horse-of-the-Year Kelso going after his 12th straight victory today in Chicago, the next big battle for 1961 titular honors may bring both colts together at Atlantic City September 16 in the \$100,000 United Nations Handicap.

Kelso is the handicap hero, a 4-year-old who grand slammed the big Metropolitan-Suburban-Brooklyn triple this year. Kelso, owned by Mrs. Richard C. du Pont, carried 136 pounds in the Brooklyn July 22, and will have top impost of 132 in the \$100,000-added Washington Park Handicap at Arlington Park. The race is one mile, with Kelso meeting 10 rivals.

Elsewhere in the thoroughbred picture, Ridan remains undefeated as the potential 2-year-old champion after winning the \$213,750 Washington Park Futurity Saturday for his seventh straight victory.

The United Nations is a race of 13-16 miles on grass and would be the first start for Carry Back and Kelso on a turf course. Jack Price, Carry Back's trainer, says the Kentucky Derby and Preakness winner will go to Paris for the rich Prix de l'Arc de Triomphe Oct. 8 if all goes well.

Kelso has top weight of 133 pounds for the United Nations, while Carry Back has 122. Carry Back will start training for the race in a few days.

"It's better right now than ever," said Price after Carry Back nipped Garvol by a neck in the Jerome with Beau Prince (third, only another head back. Six horses came to the wire almost on a line. Carry Back, ridden by Johnny Sellers, was timed in 1:36 and paid \$5.90.

Brookfield Stable's Intentionally, who shares the world mile record of 1:33 1-5 with Swaps, and Jacknot Stable's Oink are next in the weights for the Washington Park Handicap, each with 120 pounds.

Ridan won the Futurity in Chicago on a muddy track and jockey Bill Hartack said Mrs. Moody Jolley's colt didn't relish the going. He eased \$128,250 and boosted his earnings to \$284,050.

Trainer Leroy Jolley said Ridan would be rested in Kentucky, then will go to New Jersey for the \$250,000-plus Garden State Stakes, one of the richest horse races, Nov. 4. Ridan (\$2,601) won by a length over Obey.

John S. Kroese's Mozart (\$19,801) scored a nose verdict over Wise Ship in the \$46,950 Kelly-Olympic Handicap on grass at Atlantic City. The race was a preview for the United Nations.

At Del Mar, C. V. Whitney's Spark Plug (\$5,201) won the \$60,180 Debutante Stakes for 2-year-old fillies by 4 lengths over Kahama. Bruno Ferrari's Harmonizing (\$4,501) easily won the \$30,750 Niagara Stakes at Fort Erie, Ont., and may be seen under 119 pounds in the United Nations.

## Fred W. Hooper's My Portrait

drew top weight of 121 pounds for the \$25,000-added Pageant Handicap today at Atlantic City. Seventeen 3-year-old fillies were entered for the one mile race on the grass course.

The Llangollen Farm's Divine Comedy, winner of the Saratoga Handicap two weeks ago, heads a field of 11 in the \$50,000 Aqueduct Handicap at 1 1/2 miles at Belmont Park.

Greenville Farm's First Balcony has been assigned top weight of 121 pounds in a field of eight entered for the \$30,000-added Del Mar Handicap at 1 1/2 miles.

## Lockheed Corp. Official Dies

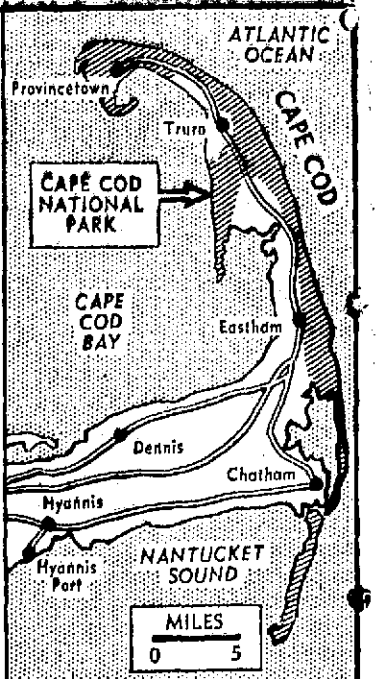

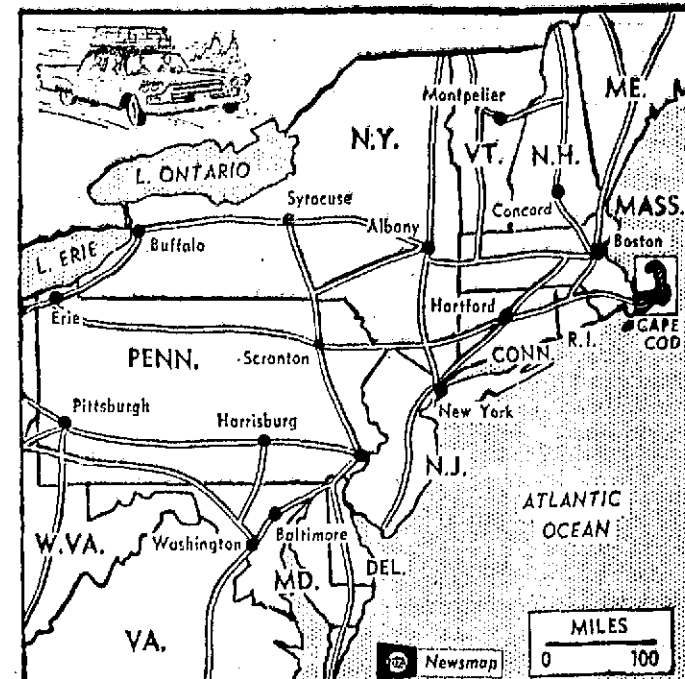

SANTA MONICA, Calif. (AP) - Robert E. Gross, 64, board chairman of Lockheed Aircraft Corp., died Sunday of cancer.

Gross, a native of Roxbury, Mass., moved to California after the 1929 stock market crash. In 1932, he and six associates bought a bankrupt aircraft company from a federal receiver for \$40,000, and this firm later became Lockheed Under Gross' direction, the firm became the nation's 28th largest industrial company.

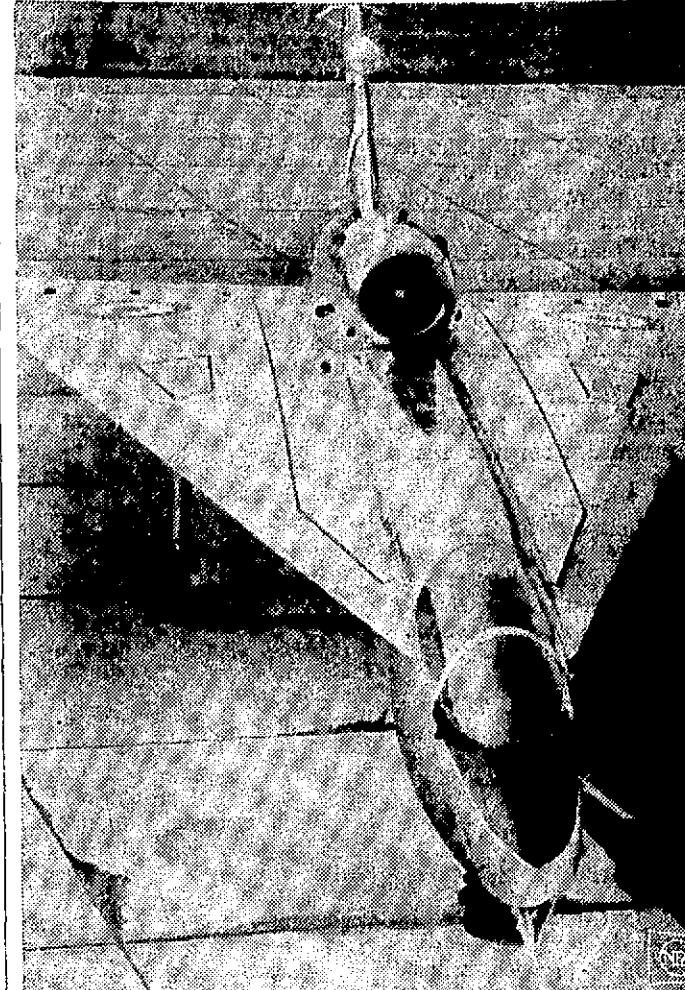

Lockheed, with headquarters in Burbank, Calif., has net assets of \$548 million and employs 66,500 persons in aircraft, missiles, spacecraft, electronics, shipbuilding and other fields.

Gross, a shy, unobtrusive man, was a civic and church leader. He and his wife, Mary Palmer Gross, lived quietly in the nearby exclusive community of Bel Air.

# Mantle Slams Two Homers to Lead Yankees

By ED CORRIGAN  
Associated Press Sports Writer

Mickey Mantle hit his 49th and 50th home runs Sunday to lead the New York Yankees to an 8-5 victory over the Detroit Tigers.

The two homers sent Mantle two games ahead of Babe Ruth's record 1927 pace when he hit 60.

While Mantle bounced back into the home run derby, the Yankees stretched their lead to 4½ games over the Tigers in the American League pennant chase.

In other American League games, the third place Baltimore Orioles blanked the Cleveland Indians 1-0 in 11 innings behind Steve Barber; the Chicago White Sox won two from the Washington Senators, 5-4 and 4-1, and the Boston Red Sox turned back the Minnesota Twins 8-6.

The scheduled Los Angeles at Kansas City game was washed out by rain.

In the National League, the Los Angeles Dodgers cut their deficit to 2½ games behind the league leading Cincinnati Reds, the Dodgers edged the San Francisco Giants 5-4 while the Philadelphia Phillies won their first game of the season from the Reds, 3-2, after 17 losses.

The Pittsburgh Pirates crushed the St. Louis Cardinals 8-1 and Chicago and Milwaukee split an abbreviated doubleheader. The Cubs won the first 6-5, and the Braves the second 4-2. The nightcap was called by darkness after six innings.

Mantle's first homer in the first inning came with Maris, who had singled, on base and sent the Yankees into the lead. Right behind him Yogi Berra blasted another.

Then, after the Tigers had rallied and gone ahead 5-4 in the ninth, up stepped Mantle and hit his second to tie the game.

Barber gave the Indians five singles, only one of which went out of the infield, in hanging up his 16th victory. He leads the majors in shutouts with seven. The Indians' Gary Bell also was effective, yielding only four hits in his 10 innings on the mound.

But Bob Allen took over in the 11th and issued two walks. He was replaced by Frank Funk, who was greeted by a game-winning single by Ronnie Hansen.

The White Sox won the opener against Washington on pinch hitter Bill Goochmans two run double in the ninth. Juan Pizarro held the Senators to five hits in the second game. J. C. Martin collected three hits for the White Sox. The White Sox have won 10 of their last 12. The Senators have lost 17 of their last 18.

The Red Sox were aided and abetted no end by Minnesota errors. They sent two runs across in the third when pitcher Camilo Pascual threw an attempted sacrifice into left field and scored three times in the fifth when Jim Lemon dropped a line drive.

# Tebbets to Take Over the Braves

CHICAGO (AP) — Birdie Tebbets, to replace Chuck Dressen as field boss of the Milwaukee Braves, has told his players he is a "lone wolf" guy and had better not bump into them after curfew.

"I've had a talk with the players, told them the kind of guy I was and what they could expect from me," said Tebbets, who stepped out of the club's front office into the job of manager when Dressen was fired Saturday.

"The players themselves will set their curfew hours and other training regulations," he continued. "I told them I've always been pretty much of a lone wolf since 1962."

and that I might show up anywhere. If I should run into any of them after the curfew they have set themselves, it will be just hard luck. The discipline under the circumstances will be self-imposed.

"The primary emphasis will be on winning, and that, of course includes good condition."

The Chicago Sun-Times said it had learned that friction between Dressen and veteran Brave players was a main factor in his removal.

The newspaper quoted "one of the observers close to the club" as saying: "Dressen was too much of an egotist insofar as baseball was concerned. He never gave anybody else any credit for knowing anything about baseball."

He even tried to tell Warren Spahn how to pitch and fellows like Ed Matthews how to hit."

Tebbets said he was very happy to return to the field.

"Baseball's my life and as vice president of the club my duties weren't even close to it," he said.

"I checked the concessions one minute, helped the police detail check out a report the next, and then rushed to the office to handle something else completely foreign to baseball."

"Unless it was a very unusual day, I would have all my work done in three or four hours and was free to go downtown and play bridge at the club. I like bridge but I love baseball."

WASHINGTON (AP) — Sen. J. William Fulbright, D-Ark., has urged the Agriculture Department to increase cotton acreage next year. He told Secretary of Agriculture Orville L. Freeman in a letter that he is disturbed by reports that the department is considering possible reductions for 1962.

# Chattanooga Captures Southern

By ROSS M. HAGEN  
Associated Press Sports Writer

From the bottom to the top in a single season is the success story written by the Chattanooga Lookouts in the Southern Association baseball circuit.

A patchwork Lookouts team wound up in last place in 1960, 26½ games off the pace. Between seasons, the Chattanooga club obtained a full working agreement with the Philadelphia Phillies and the Lookouts achieved all of the success the parent club couldn't find. The Phillies are in the National League cellar.

Chattanooga clinched the Southern pennant Sunday by defeating Shreveport 8-4 and moving into a two-game lead over second place Birmingham with only a single game to be played.

Macon doused Birmingham's hopes by dumping the Barons 6-2. It was Macon's third straight victory over Birmingham in the crucial series.

In the contests involving also-rans, Little Rock defeated Nashville 5-3 and Mobile beat Atlanta 3-1.

The pennant was Chattanooga's first since 1952 and represents quite an achievement for Frank Lucchesi who took over managerial chores for Joe Engel this year. Lucchesi guided Williamsport to the Class A Eastern League flag in 1960.

John Herrnstein rapped a three-run homer in the top of the 10th inning to give Chattanooga a commanding lead after the Lookouts had tied it up in the ninth. Gerry Reimer's second two-bagger of the game drove home two insurance tallies.

Macon left-hander Charles Rabe held Birmingham to seven hits and one earned run in racking up his 14th victory. Charles Soraci paced the Peaches with three doubles and a single. Discussion flared among Birmingham players in the clubhouse. Two hurlers, Dick Egan and Bill Graham, engaged in fistfists briefly.

Little Rock used a 10 hit attack and the fast balling of relief pitcher Jim Lechew in subduing Nashville.

Fielding Jones played a vital part in Mobile's victory over Atlanta—two of the Bear runs were unearned.

Sheriff's deputies said about 15 of the crowd started marching on the business district of Clermont, shouting, "We want beer."

Ten sheriff's cars, 30 state police cars and two cars each from the towns of Speedway and Clermont converged on the angry crowd.

"We were afraid the group would attempt to take over the town and break into a tavern," said Sheriff Robert A. O'Neal.

The group dispersed after the officers arrived, but not before 20 were arrested and lodged in a portable jail.

# Phils Finally Defeat Redlegs for First Time

By ED CORRIGAN  
Associated Press Sports Writer

The Philadelphia Phillies finally defeated the Cincinnati Reds Sunday after losing 17 straight to the National League leaders. The score was 3-2.

To make matters worse for the Reds, their chief rivals, the Los Angeles Dodgers, edged the San Francisco Giants, 5-4. So now Cincinnati's league lead stands at a mere 2½ games.

Elsewhere in the National League, the Pittsburgh Pirates dumped the St. Louis Cardinals, 8-1, and the Chicago Cubs at Milwaukee Braves split a doubleheader. The Cubs won the first, 6-5, and the Braves the second, curtailed by darkness after six innings, 4-2.

In the American League the New York Yankees whipped the Detroit Tigers, 8-5, and stretched their lead to 4½ games over the Bengals. Mickey Mantle hit two home runs (Nos. 49 and 50) to go two-up over Babe Ruth's 1927 pace when he hit a record 60. Roger Maris failed to connect. He has 53 and is seven ahead of Ruth's pace.

The Baltimore Orioles blanked the Cleveland Indians, 1-0, in 11 innings behind major league shutout king Steve Barber; the Boston Red Sox downed the Minnesota Twins, 8-6, and the Chicago White Sox polished off the Washington Senators twice, 5-4 and 4-1.

The Phillies scored the winning run in the eighth inning when pinch-hitter Wes Covington singled home Bobby Malkmus, running for Charlie Smith who had doubled.

Meanwhile, veteran Gil Hodges drove in two runs — one on a homer — to lead the Dodgers to their triumph over the Giants. Johnny Podres recorded his 18th victory and 100th of his National League career although he wasn't around at the end.

The Dodgers had all their runs in the bag before the Giants chased Podres on Orlando Cepeda's two-run homer. Dick Farrell finished up, and survived rough going in the last two innings, retiring Willie Mays with hit bases loaded in the ninth.

Bob Fricke had an easy assignment for the Pirates. He was given a seven-run bulge in the first two innings and coasted all the way. Don Hoak hit a bases-loaded double in the first and Roberto Clemente chipped in with a two-run homer in the second.

The Cubs slugged the Braves in the opener on George Altman's triple with the bases loaded in the eighth. But the Braves turned on the muscle in the second game and won it on Joe Adcock's three-run homer.

# Coaches Feel Bobcats Need Lot of Work

By VINCE FOSTER  
Hope Star Sports Writer

The Bobcats had a red-white scrimmage Friday, which gave the coaches a pretty good idea of how much the Cats need to be ready for Pine Bluff Sept. 8.

There was some good knocking on offense but the Cats were lacking on defense.

Both coaches were impressed with the broken field running of HB John Crain and the hard rushing of FB Roy Wray. HB Richard McDowell was mentioned for his drives, for Coach Faulkner is pleased with the job of this sophomore. Tony McLarty also did a good job in his running and the coaches commended him and Earl Ray Murphy for their passes.

Linesman Billy Compton and James Marcum were throwing good downfield blocks, while Dan Jones looked aggressive at center. Crain was the only standout on defense.

Coach Pierce said, "The red team beat the white team on defense three to one, so we've still got a long way to go," offensively and defensively, before the first game.

When asked if he was concerned with the results of the Camden Jamboree held Friday night, Mr. Pierce replied, "We've only got one on our minds right now — Pine Bluff."

Incidentally, the highly favored Smackover Bucks won that jamboree for the second year in a row. They beat Fairview on first downs in the finals after taking Magnolia 6-0 in the first game. Fairview beat Camden 7-0 and then Camden beat Magnolia in the consolation match.

# Leghorn Rooster Crowing Champ

BURTON, OHIO (AP) — A white Leghorn bantam rooster crowed 38 times in 30 minutes—five more than his nearest rival—to win the crowing championship of Ohio at the Geauga County Fair Sunday.

What the champ didn't know, however, is that he was tricked into crowing. For half an hour before the contest, which began at 4 p.m., the entrants' cages were covered. When the covers were removed, the birds thought it was day break.
